Several finishers (13) did not circle an age group, possibly because they did not wish to reveal their ages. It was not possible to track these people down, due to the very limited time between the end of the race and the award ceremony. As a result, only those who circled an age group were eligible for an award.

Note that Cynthia Ashley actually finished first in her age group (30-39) with an excellent time of 12:08.5, but the only information on the envelope was her last name and address.
